

MOBILE DELIVERY SOLUTION

Accurate, Real-Time Delivery Data Now on a Tablet Device

BENEFITS

- [Web-based access to your delivery data](#)
- [Runs on any mobile operating systems](#)
- [A complete delivery system at your fingertips](#)

Our mobile delivery solution gives drivers the key tools they need for fast and efficient deliveries, combined with the ease and convenience of a tablet. Designed to run on the iOS, Android, and Windows platform, this application helps ensure that your mobile delivery force will know where to go and which products to deliver, as well as have the invoicing and collections tools needed to maximize the delivery and customer experience.

YOUR MOBILE DELIVERY FORCE, POWERED FROM A TABLET

- Runs on the Apple iPad, Android, or Windows tablet
- Sleek, easy-to-use graphical interface
- Includes pre-built integration to existing HighJump route accounting systems
- Gives you the option of running a powerful delivery application on both consumer-grade and ruggedized tablet devices
- No rigid device access requirements – select your desired options and go

TOOLS FOR FASTER, MORE ACCURATE DELIVERIES

- Real time invoice posting
- Accurate truck inventory
- A/R collections
- Security for specific functions controlled by each location's needs
- Day-end reconciliation

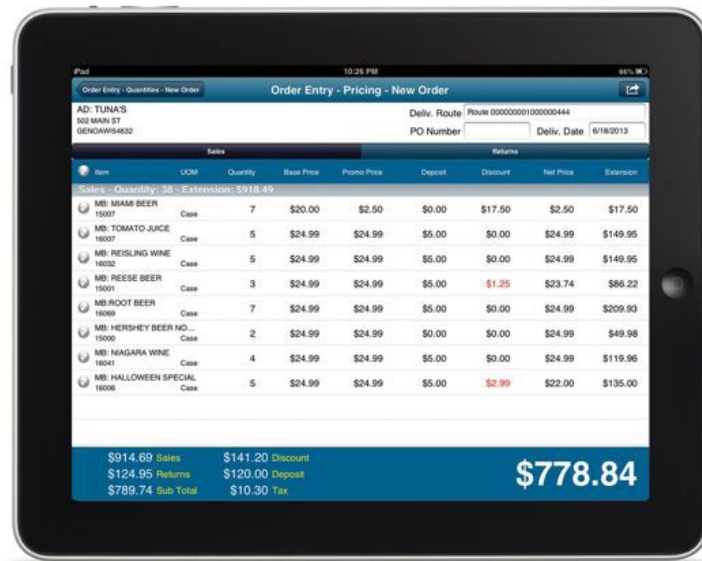

SUPPLY CHAIN NETWORK SOLUTIONS

- Preload orders or "sell as you go"
- Bluetooth invoice printing
- Signature capture
- Support for PDF invoices
- Ability to edit pricing (security driven)
- Stops by day
- Automatic application updates - Automatically update database based off of application update
- Send logs and database to server for support purposes
- Runs online or offline; no loss of functionality in those areas with low or no connectivity

A TOTAL DELIVERY SOLUTION

Knowing the what, where, and quantity of inventory is critical for delivery teams. With our mobile delivery solution, drivers will have accurate inventory information on their tablet along with all the tools necessary to invoice, track, and record all transactions. It is a complete delivery solution, right at your fingertips.

ABOUT HIGHJUMP

In almost every industry, buyers are becoming more fickle, and more demanding. For logistics executives, effectively meeting buyer needs has become a relentless quest for speed and agility. Traditional supply chain solutions – siloed, complex and hard-to-implement – no longer suffice, as competitors find ways to deliver goods faster and more profitably.

In this "now" economy, HighJump helps you stay agile, with adaptable, connected solutions that harness the power of your trading partner community. From the warehouse to the storefront, from the desktop to the driver's cab, we can help you achieve new levels of supply chain responsiveness, performance and profitability.

HighJump's suite of warehouse management, business integration, transportation management, and retail/DSD solutions form a complete, powerful and adaptable platform that allow you to drive growth, customer satisfaction and revenue. **HighJump: supply chain accelerated.**
